Internet Data / Polynomial Modeling / Spreadsheet / Graphing Project

Rubric Components	Point Scale				Student's Score
	4	**3**	**2**	**1**	
Website sourced and rational for selecting site					
Neat, organized, description of what data is being researched with a list or summary of data					
Graph/charts labeled correctly and logically connect to project					
Modeled polynomial connects to facts of data/charts/graphs					
Insightful, creative prediction/assumption/ Inference/future event determined from model
