

# Face Detection Scores

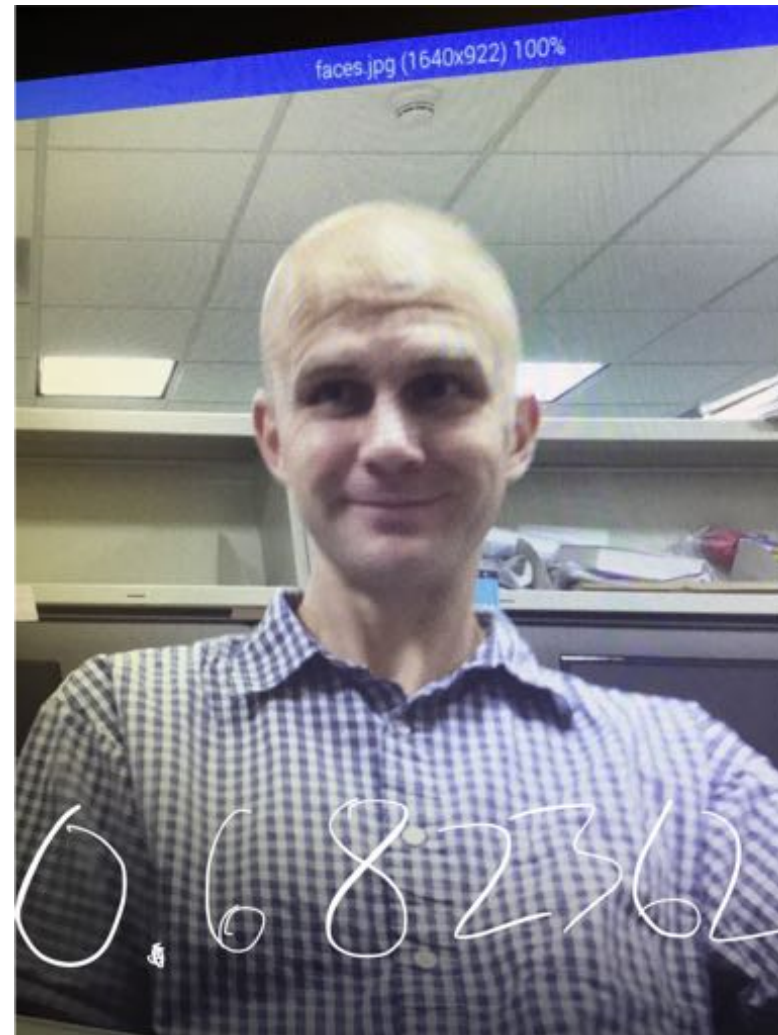

Google AIY Camera Scores

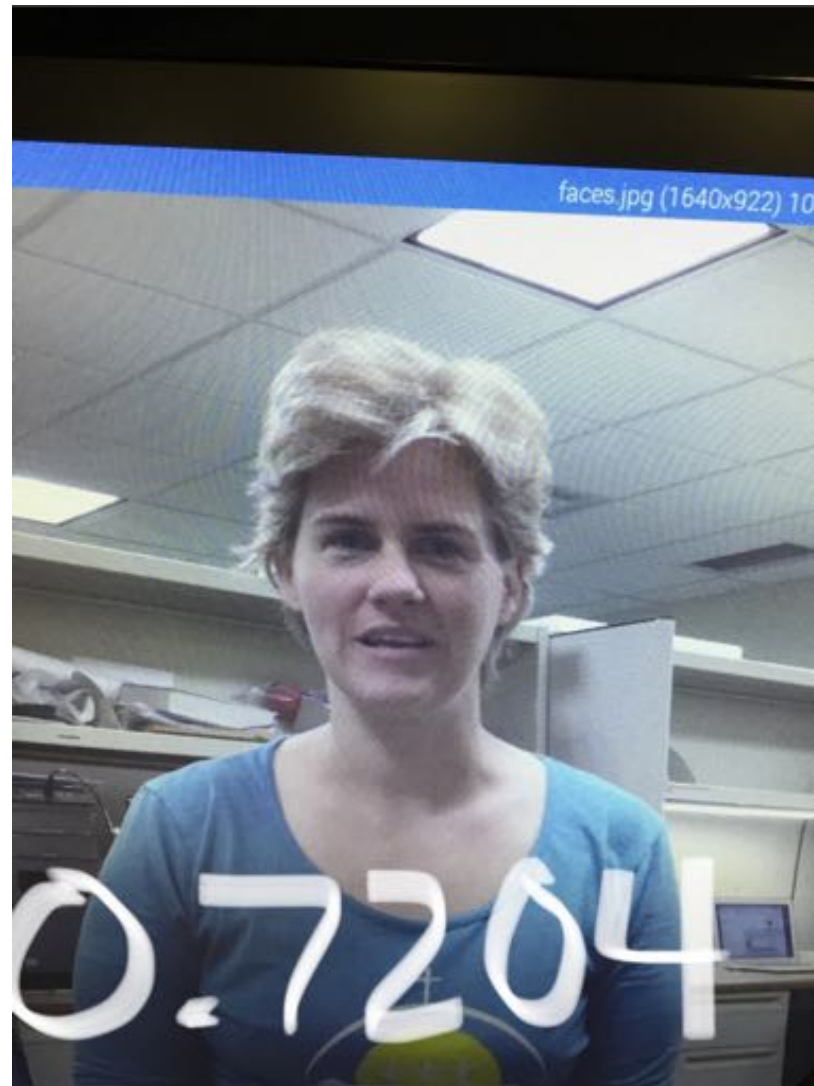

Goal: use evidence and reasoning to figure out what is being scored in each image.

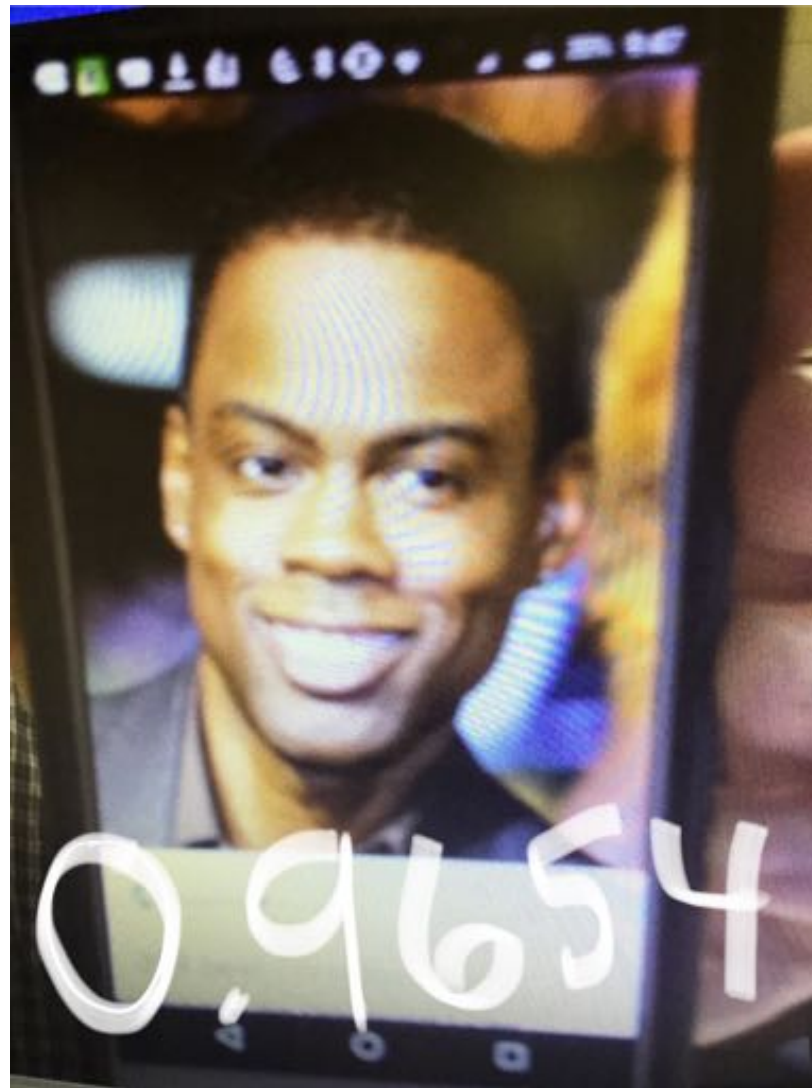

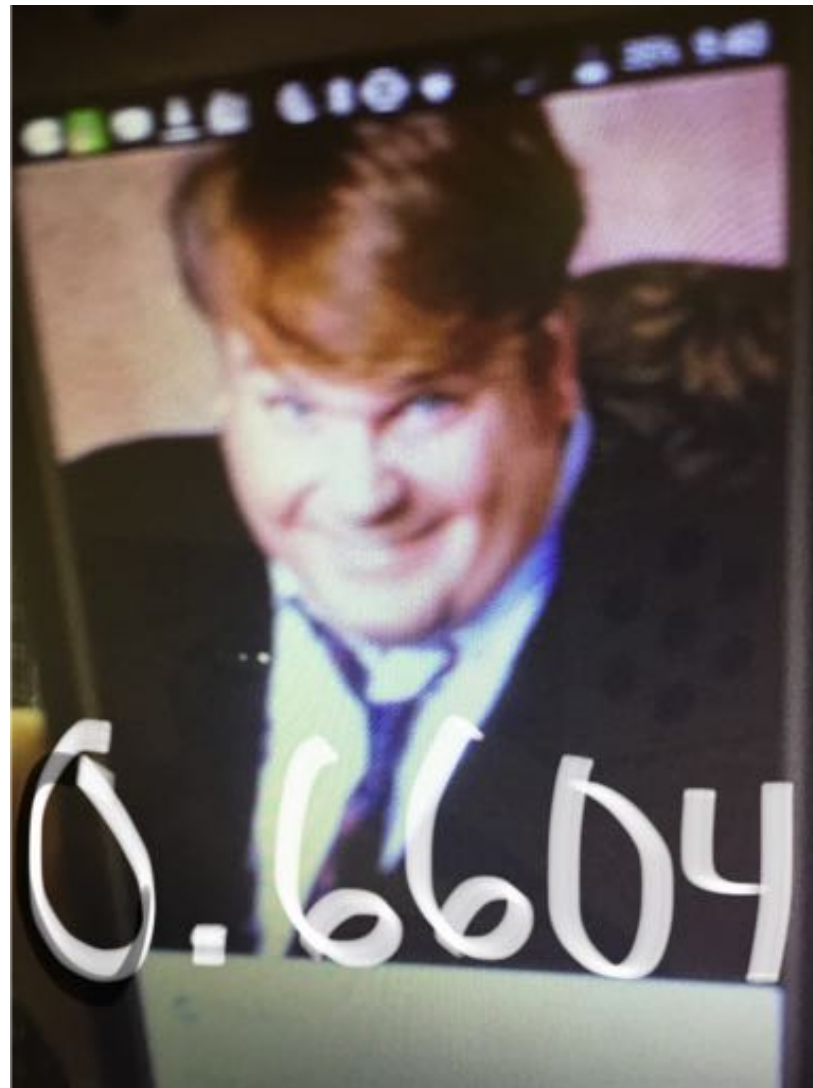

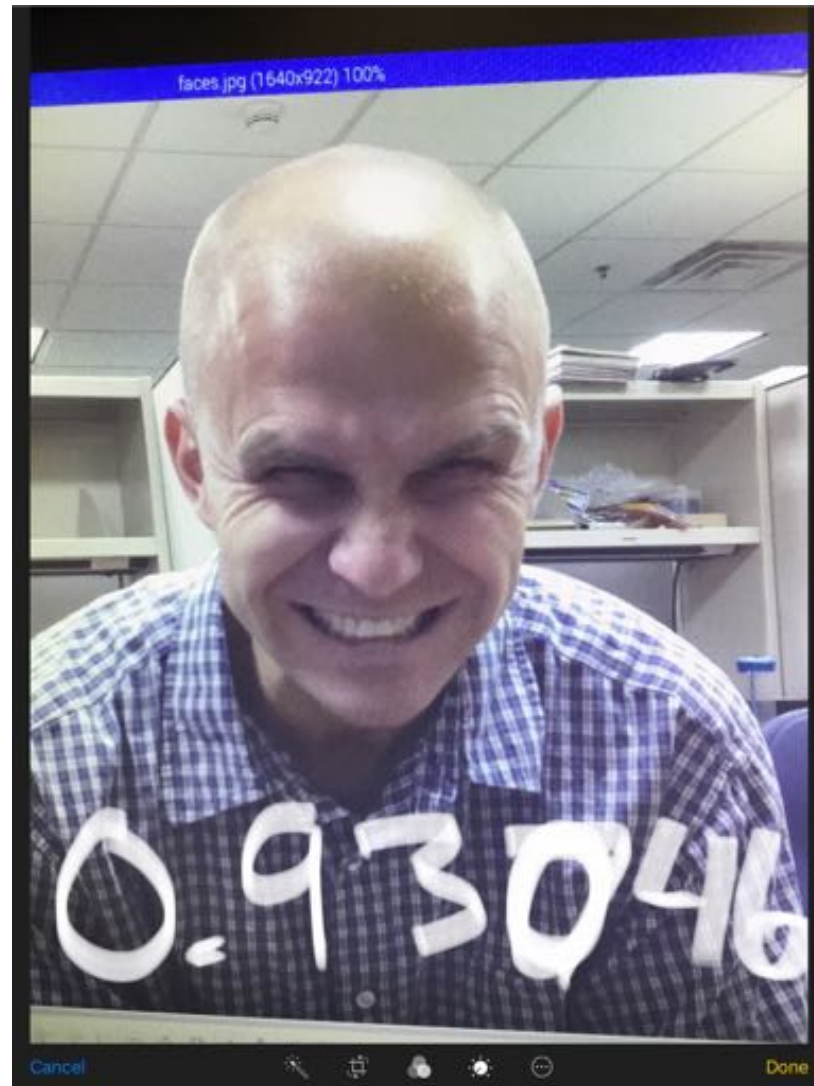

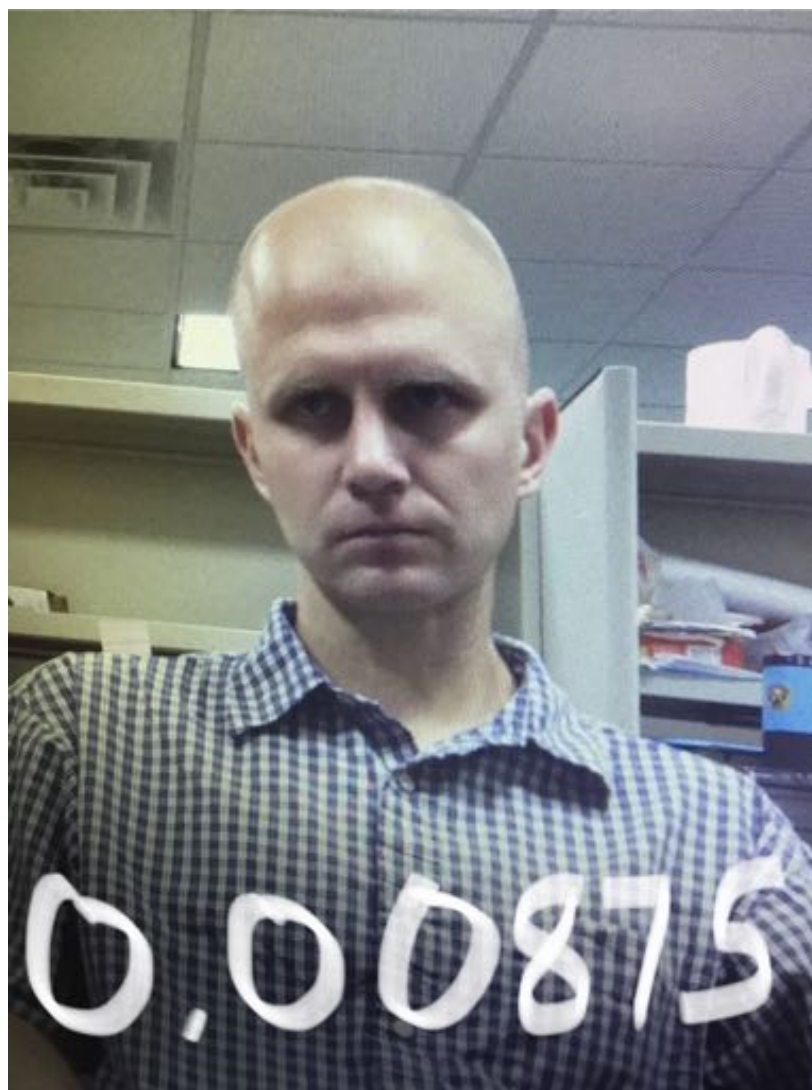

**Claim:** \_\_\_\_\_ is being detected by the AIY camera.

**Evidence** supporting claim (specific slides and scores):

**Reasoning:**

\_\_\_\_\_ % **Confidence** in your claim:

Evidence and Reasoning for your less than 100% confidence.

What types of pictures would you like to test to confirm/reject your claim?
